Expression of Interest – Illuminated Installations

Enlighten
2 - 17 March 2018
Parliamentary Triangle, Canberra

We invite artists and organisations from across Australia to formally express their interest in presenting illuminated installations at Enlighten 2018.

Enlighten is a multi-disciplinary festival featuring a diverse program of contemporary and innovative works transforming Canberra's iconic spaces and places into a nocturnal playground in autumn.

Strange, Beautiful and Unexpected

Artists/organisations are invited to submit proposals that meet the curatorial theme of *Strange, Beautiful, Unexpected*. In addition to this we aim to present works that showcase Australian talent and/or stories. For 2018 we are exploring Lake Burley Griffin and celebrating Canberra's unique flora and fauna. Illuminated installations must be available across the dates of 2-11 March 2018.

Considerations

- The installation needs to be new to Canberra - not previously presented in Canberra or the ACT.
- Enlighten is an outdoor festival held in autumn, where strong winds and heavy rain need to be considered.
- Artists/Organisations must provide all materials and specialist equipment for installing and de-installing the work.
- Pegging into the ground - maximum 300mm allowed.
- Selected works will be presented in the Parliamentary Triangle. Sites may include;
 - High Court of Australia Forecourt Ramp
 - John Dunmore Lang Place
 - Federation Mall
 - Lawn adjacent to Questacon
 - Lawn in front of the Reflection Ponds
 - East Lawn
 - West Lawn
 - Foreshore (Parliamentary Triangle)

To formally express your interest please submit a detailed proposal including:

1. Description of the work - including how it relates to the curatorial theme
2. Images of the work or concept designs
